

# Global Dossier Initiative (GDI)

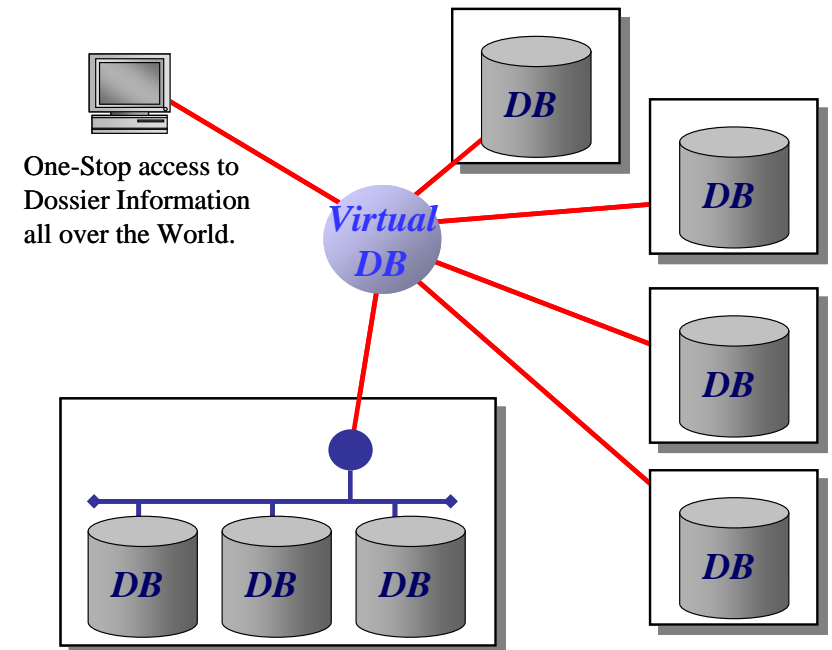

- To aim at the construction of a common system which virtually integrates dossier information all over the world and provides unitary services.
- To create synergy effect and implement new services at an early stage by **optimizing and organically integrating existing IT projects.**

One Portal (One-stop access)

Single Vision for Multiple Initiatives

Effective Leveraging of IT

Engaging all Stakeholders

- ✓ **Lead IT projects with a cooperation among the IP5 and WIPO under the common goal of the GDI.**
- ✓ **Establish a task force** to obtain stakeholder needs.
